

## COCHRAN ORDERS RACING YACHT

**Designer Must Build Fastest  
Boat Possible Under New  
York Club Rules.**

New York, Nov. 1.—Alexander Smith Cochran, of Yonkers, one of the richest bachelors in the United States, and a member of the New York Yacht club for nine years has ordered a 75-foot sloop yacht to aid in the defense of the America's cup.

William Gardner, the designer of many fast racing yachts, has been commissioned by Mr. Cochran to design the new boat, with the stipulation that he shall not accept an order from any other yachtman or syndicate to design another sloop for the same purpose.

No other restrictions have been placed upon Mr. Gardner, who is to produce the fastest yacht possible under the present rule of the New York Yacht club. It has not been announced who the builder of the yacht will be.

Mr. Cochran, who is to bear the entire expense of the building and racing of the yacht, is best known to yachtsmen and the public through his phenomenal success abroad with the schooner yacht, Westward, which was designed and built for him by the Herreshoffs in 1910.

She crossed the Atlantic that year and defeated all comers in German and British waters, winning, among other prizes, the Kaiser's cup, at Cowes, on August 19. The schooner was afterwards sold to a German yachtman and Mr. Cochran has not owned a yacht since.

## WANT POST SEASON FOOTBALL MATCH

Madison, Wis., Nov. 1.—The question of the western championship football team meeting the eastern champions in a post-season match, has again come up for discussion in the western conference. Student sentiment in the University of Wisconsin has been brought to bear on the authorities and petitions will likely be sent to the various other members of the "Big Nine," in order to ascertain their feelings in the matter.

The east has never favored such an idea to any extent although the question of a post-season intersectional

## WALSH ALMOST CERTAIN TO JOIN YANKS IN 1914

JIMMY WALSH.

New York, Oct. 31.—From Philadelphia comes a report that Connie Mack of the Athletics has traded Outfielder James Walsh to the New York Yankees as part of a deal by which Frank Chance sent Claude Derrick to the Baltimore club, partly owned by Mack, last year. When President Farrell of the New York Yankees was asked about the supposed deal, he declared that while he hadn't actually signed papers that would make Walsh his property something might

come of it later on. Complete Record of Jim Walsh. James P. Walsh, outfielder, born at Conemaugh, Ireland, September 22, 1888. Received his early education in Syracuse at the University of Niagara. ## CROSS-COUNTRY CHAMP RUN

**Harvard, Princeton, Cornell  
and Dartmouth Send Teams  
to New York.**

New York, Nov. 1.—On Saturday, November 22, Harvard, Princeton, Cornell and Dartmouth will send their cross-country teams to New York, to participate in the intercollegiate cross-country championship run which will be staged at Van Cortland park. Columbia, Yale, Pennsylvania and other schools have also signified their intention of sending their hill and dale men into the contest.

The Van Cortland course is one of the best in the metropolitan district and much better than the Travers Island course where the run was held last year. Although Harvard won the team event at the Travers Island meet the sensation of the day was the phenomenal run of John Paul Jones, the marvelous runner of Cornell.

This year Cornell will be without the services of Jones and the only veteran that Coach Mackley has on his squad is Cadz, unless Kingsley, who was injured last fall, rounds into shape. Frederickson, Burke, Kent, Curry, De Guylar, Tinkham, McGorrick, Hoffmire, Potter Irish and Stanton compose the string in training at Ithaca.

Harvard still has Captain Boyd, Carter, Blackman and McClure of last year's team, with E. P. Stone, Southworth, Twichell, Gozaidi, Tugman, Zamora, Fuller, Peckman and Kent showing up well in practice. Stone has surprised even Schubb, the trainer, and may displace one of the veterans.

Keen Fitzpatrick, Princeton's trainer, says he is vastly pleased with the fifty or more candidates at the Tiger school. So far J. D. MacKenzie, the Princeton crack runner, has only been able to indulge in very light practice, but he may be able to run by the time the meet is held. Others who have shown good form are Capt. W. S. Doty, Blachoff, Cooley, Goodwin, Morrison and Fielder.

Dartmouth can not be expected to do very much this year as the entire team went out at graduation last spring. Harry Hillman, the coach, is doing the best he can to build around Kennedy, Durgin, Merrill, Carey, Saltmarsh, the Granger brothers, Brown and Bull.

## BETTING FAVORS MITCHEL TO WIN

New York, Nov. 1.—With the election only three days away, the opposing leaders in the hottest mayoralty campaign waged in New York in many years are lining up their forces for the final battle.

Charles F. Murphy, the Tammany leader, yesterday predicted the election of the Tammany candidate for the mayoralty, Edward E. McCall, by a plurality of 150,000. The fusion leaders declined to make any definite statement, but declared the Murphy claim to be ridiculous and held that there could be no doubt of the election of John Purroy Mitchell, the fusion candidate.

The betting seemed to warrant the confidence of the fusionists. As good

as four to one was quoted on Mitchell to win. One bet of \$1200 to \$300 was recorded. This was the only bet of good size reported in the Wall street district during the day.

Former Senator William H. Reynolds has placed \$6000 on Mitchell at three to one and has announced that he has \$20,000 more to place at the same odds.

## BIG TRADING TIME OF AMERICAN LEAGUE

New York, Nov. 1.—What will the harvest be? The big trading time of the American league year is at hand—the annual meeting, which will be held in Chicago next Thursday. It has been the vogue in the past for the magnates to engineer their biggest swaps at this time. Deals already hanging fire are closed up, others are set in motion and still others are put through on the spur of the moment. In a number of cases the managers make it their business to be present, and in most of the remaining cases, the magnates are under instructions from their field generals as to what sort of deals they shall attempt to swing. In fact, little else is likely to be done at the meeting, beyond the transaction of routine business, in which Ban Johnson will say what he desires and the magnates will vote unanimously for it.

Indications are that there will be about the usual amount of bartering, though there probably will be no such big affair as the Chance-Tinker-Corriden transaction that resulted in new managers for two clubs—the Cincinnati Nationals and the New York Americans. Every club is likely to be mixed up in the interchange of players, either receiving or delivering both. About the only team that will rest on its laurels so far as going after new men is concerned is Connie Mack's band of world's champion Athletics. Yet even the Athletics probably will be in on the general doings, for it is likely that when President Shibe and President Farrell of the Yankees get together the final details of the deal by which Outfielder Jimmy Walsh goes to the latter will be fixed up. It is learned from an authoritative source that, despite partial denials by both sides, this transaction is a certainty.

## CARLISLES TO PLAY SPOKANE ELEVEN

Spokane, Wash., Nov. 1.—Far east and far west will battle on the gridiron for the first time in football history when the famous Carlisle Indian school team meets the Washington State college eleven in Spokane Christmas day.

Coach John R. Bender of Washington state, has received a request for the game and has announced acceptance. In addition to playing at Spokane, the Indians plan to play at Seattle and Portland on this winter's trip.

Their game with Washington State will afford the first opportunity for intelligent comparison of the class of eastern and western college football teams. St. Louis university was defeated decisively in Spokane by the State college eleven in 1907, but St. Louis did not rank with the Carlisle Indians, and the game gave a basis of comparison between the west and only a limited number of colleges in the middle west.

## AMERICANS MAY ROW IN BERLIN

**Oarsmen Hope to Compete for  
Championship at Olympic Games.**

New York, Nov. 1.—There is a great possibility that American oarsmen will have an opportunity to compete for the international rowing championship at the Olympic games in Berlin in 1916.

The German Rowing association, which will have charge of that branch of athletics in the coming games has sent out invitations for the various nations to send rowing crews to Berlin in 1916, and James Pilkington, president of the National Association of Amateur Oarsmen in this country is planning to take the matter up with the various rowing clubs throughout the United States. It will be remembered that the American eight, won the international championship at Paris in 1900, but since then the management of the Olympic contest at London and at Stockholm, sent out such half-hearted invitations and imposed so many conditions, that the Americans were not able to compete.

There are more clubs in the United States than there were in 1900 and it is believed that the financial question can be easily arranged by subscription.

## JAP SEEKS BILLIARD TITLE TAMURA CHALLENGES HOPPE

Ikujiro Tamura.

Ikujiro Tamura, the famous Japanese billiard player, is in this country for the first time, seeking the billiard championship of the world. Tamura is the title holder of Japan and will shortly issue a challenge to Willie Hoppe for a match contest, carrying with it the world's 132 billiard honors.

Since arriving in this country the Jap has played often at Doyle's academy in New York and has displayed such form as to make him a worthy opponent for Hoppe.

## SCOOP AND SHOVEL KNOW WHEN IT'S TIME TO QUIT
